THIS AGREEMENT is made and entered into this 30th day of July 2014, by and between the Commonwealth of Virginia, Department of Forestry hereinafter called the Department and _____ of _____, Virginia, hereinafter called the Purchaser.

ARTICLE I

(1) The Department agrees to sell and the Purchaser agrees to buy all the standing sawtimber and pulpwood on an estimated 29.2 acre tract designated for harvest cutting. ALL MERCHANTABLE TIMBER IS SCHEDULED FOR CUTTING UNDER THIS CONTRACT. The sale area is located in King and Queen County, east of the King and Queen Landfill, off of Forest Road #27. See attached maps and consult a Virginia Highway map. The volume is estimated to be 114,460 board feet of sawtimber, 48,180 board feet of chip and saw and 1,179 tons of pulpwood. The volumes are only estimates and not guaranteed. Each bidder is urged to use their own cruise data to compute bids. The timber sold consists of predominantly loblolly pine with some mixed hardwood.

(2) The Department guarantees the title to said timber and to defend it against any and all claims for taxes, mortgages or other legitimate encumbrances at its own expense.

(3) The Department hereby expressly grants to the Purchaser the right of ingress and egress across and upon the sale area.

ARTICLE II

(1) The Purchaser agrees to pay the Department for this timber the sum of (\$ (FULL AMOUNT)) dollars (\$_____) for all the timber sold hereunder. The full balance is due and payable within ten (10) days from the date hereof. No timber shall be cut, nor shall this contract be deemed to be in effect until payment has been made in full.

(2) The Purchaser agrees to notify the State Forest Office at the New Kent Forestry Center (804) 966-2201 **three days (3)** prior to the commencement of harvest activities.

(3) Unless a written extension of time is granted by the Department, all stumpage sold hereunder shall be removed on or before January 1, 2016.

ARTICLE III

(1) Timber harvested hereunder shall be felled, skidded and concentrated in such manner as to cause the least possible waste and a minimum of damage to unmarked timber, reserve areas, streams, creeks, springs and soils.

- (a) Stumps shall be cut in such manner as to cause the least possible waste and not higher than 10 inches above ground level, except on misshapen or defective trees where cutting below 10 inches is not practical.
- (b) All trees sold hereunder shall be utilized as low in diameter in the tops as may be practical.
- (c) All merchantable trees will be cut (unless otherwise designated).
- (d) All trees shall be felled within the cutting boundaries. Logging debris accumulated outside the sale area shall be pulled back within the sale area unless otherwise specified by the Forest Management Specialist.

- (g) The Purchaser and the Department shall mutually lay out the designated system of skidding trails over which the timber sold hereunder shall be removed and all skidding activities will be confined to these trails.
- (h) The Department and the Purchaser shall agree to suspend logging activities during such time as these activities would result in detrimental consequences to forest soils during prolonged periods of inclement weather.

(2) Timber harvested by the Purchaser from standing trees shall be removed in such a manner as to cause the least possible damage to the existing main haul roads and no public hazard at entrance ways to primary and secondary Virginia highways.

- (a) Access to the sale area is adequate and main hauls will be confined to this system for all men, materials and logging equipment including trucks necessary for removal of said timber; the right to designate or approve the location of any new road across State Forest land is specifically reserved.
- (b) All such new roads with the exception of skidding roads constructed by the Purchaser and all existing roads within the timber sale area shall be left in passable condition (usable by pickup truck) during and upon completion of this contract.
- (c) During and upon completion of the harvest operation the Purchaser shall comply with the Water Quality and BMP standards listed in the Virginia's Forestry Best Management Practices for Water Quality, Fourth Edition, issued by the Virginia Department of Forestry. The Department reserves specifically the right to request corrective action of the Purchaser in maintenance and stabilization of forest roads, trails, culvert pipes, water bars, side ditches, lead-off ditches, decks, and skid trails where destructive action of the Purchaser has contributed to a BMP or Water Quality problem.
- (d) The Purchaser shall guard against the unnecessary transfer of mud and debris by vehicle onto the public highway system of the Commonwealth of Virginia, whereby the same poses a threat to public safety. Furthermore, the Purchaser assumes the responsibility for the preventive and/or corrective action necessary to eliminate this source of hazard should the problem develop.
- (e) The purchaser will assume the responsibility for stabilizing against erosion on used forest roads and trails according to the Water Quality BMP Handbook.

(3) The location of any landings or logging deck areas will be approved by the Department prior to development.

(4) The Purchaser agrees to exercise the utmost care and caution to prevent the inception and spread of forest fires on the area for sale and on adjoining areas. The Purchaser further agrees to observe and comply with all the forest fire laws of the State of Virginia which may be applicable. The Purchaser will be held liable for costs associated with controlling any fire caused by the harvest operation or for fire damage to residual trees and adjacent forest stands.

ARTICLE IV

The Department reserves the right to postpone timber removal under terms of this contract for gross noncompliance with the agreed upon provisions herein, to the extent, however, that in case of dispute over the terms of this agreement, the Department and the Purchaser agree to accept the decision of an arbitration board of three selected persons. Each of the contracting persons will select one person and the two selected will select a third to form this board. In the event a satisfactory decision is not reached, appeal to the local Circuit Court is available.
